#### U.S. Department of Justice

Office of Community Oriented Policing Services

#### **End of Year Report**

COPS Grants Awarded in FY 2005

On December 8, 2004, President Bush signed the bill providing 2005 appropriations for COPS. Highlights from this appropriation include:

Programs Administered by COPS:	Appropriated Funding:
<b>Universal Hiring Program (UHP):</b> Adds community policing officers to the beat by providing up to 75 percent of the approved entry-level salary and benefits of each newly hired additional officer position over three years, with a maximum federal contribution of \$75,000 over the three-year grant period. A 25% local cash match is required.	\$5,000,000
<b>COPS In Schools:</b> Increases school safety and security by deploying SROs to work in and around primary and secondary schools by providing a maximum federal contribution of up to \$125,000 per officer position over a three-year grant period. CIS grant funding is for payment of entry-level salaries and benefits of newly hired, additional SROs.	\$5,000,000
Interoperable Communications Technology: Supports the development of effective interoperable communications systems for public safety and emergency service providers. Funding supports demonstration projects that explore uses of equipment and technologies to increase interoperability among the law enforcement, fire service, and emergency medical service communities.	\$100,000,000
Training and Technical Assistance (Community Policing Development, RCPI): Assists agencies with developing innovative community policing strategies through funding national training and technical assistance; practical tools and publications through applied research and evaluation initiatives; and the development of best practices and pilot community policing programs that address the emerging and changing needs of law enforcement. The COPS national network of Regional Community Policing Institutes (RCPI) provides community policing training and technical assistance resources to state, tribal and local law enforcement officers, community leaders, and government officials.	\$15,000,000
Indian Country (Tribal Resources Grant Program–Hiring, Tribal Resources Grant Program– Training/ Equipment, Tribal Technical Training Assistance): Provides funding and resources to meet the needs of law enforcement in Native American communities to assist with quality of life issues and law enforcement expenses.	\$20,000,000
<b>Police Integrity:</b> Assists agencies in creating or strengthening local programs that build trust between police and their communities. Ongoing strategies include best practices, the development of model problem-solving partnerships and national training.	\$7,500,000
<b>Methamphetamine (earmarks):</b> Methamphetamine grants assist state, local and tribal law enforcement agencies in combating meth production and distribution, to target drug 'hot spots', and to remove and dispose of hazardous materials at clandestine meth labs.	\$52,556,000
Safe Schools Initiative (SSI—earmarks)/ Secure Our Schools (SOS): SSI and SOS grants help state and local agencies with delinquency prevention, community planning and development, school safety resources, and technology development. Funding is aimed at preventing violence in public schools, and to support the assignment of officers to work in collaboration with schools and community-based organizations to address the threat of terrorism, crime, disorder, gangs, and drug activities.	\$4,325,000 (SSI) \$15,000,000 (SOS)
Law Enforcement Technology: Tech grants provide funding for the continued development of technologies and automated systems that help state, local, and tribal law enforcement agencies prevent, respond to, and investigate crime. This funding allows agencies to purchase technologies to advance communications interoperability, information sharing, crime analysis, intelligence gathering, and crime prevention in their communities.	\$138,615,000
